MSD Notice of Construction

Daly Road Sewer Replacement Project

The Metropolitan Sewer District of Greater Cincinnati (MSD) will be replacing approximately 8,000 linear feet of existing sewers in Springfield Township, near Daly Road, between Compton Road and Ronald Reagan Highway. Work is anticipated to begin in January 2015 and is expected to take about 18 months to complete.

Construction will occur primarily Monday through Thursday during daylight hours, depending on weather and the contractor's schedule. Work on Fridays or weekends may be necessary at times. MSD's construction contractor is Brackney Construction Company.

The Daly Road Sewer Replacement Project is part of Project Groundwork, MSD's multi-year plan to reduce sewer overflows into streams and rivers in Hamilton County. Project Groundwork provides cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov.
