MSD Notice of Construction

Deerfield Road Local Sewer (HNs 11551-11662)

The Metropolitan Sewer District of Greater Cincinnati (MSD) will be installing approximately 900 linear feet of new sanitary sewers along Deerfield Road between House Numbers 11551 and 11633. Work is anticipated to begin in early January 2015 with final restoration by May 2015.

In 2008, a citizen's petition initiated this current project. Property owners representing 5 of 7 properties expressed support for the petition during the polling process in 2008 (71% level of support), meeting MSD's Rules and Regulations' requirements for majority endorsement from benefited properties. Since 2008 the project was reduced to include five properties due to a cost review and property consolidation.

Construction will occur primarily Monday through Thursday during daylight hours, depending on weather and the contractor's schedule. Work on Fridays or weekends may be necessary at times. MSD's construction contractor is Rack and Ballauer Excavating Company.

Temporary lane shifts or closures will occur on Deerfield Road. Access to businesses and all cross streets will be maintained but could be temporarily delayed at times.

The Deerfield Road Project will improve the quality of our lives through cleaner streams, improved protection of public health, and enhancement of the communities where we live, work, and play.

For additional information about the project, please contact MSD Engineering Customer Service at (513) 557-3594 or MSD.Communications@cincinnati-oh.gov or visit www.projectgroundwork.org/lickrun.
